The patients attended this month by Aditya Prakash Jalan Karyakarta Chikitsa Sahayata Kendra, Ranchi were of 2 types. Some needed short term treatment while others long one. Those who were treated in this OPD were as follows:-

| Male | Female | child | Total |
|------|--------|-------|-------|
| 38   | 15     | 2     | 53    |

Those who needed referral services were as follows:-

1. Name - Asha Kumari  
Age - 18 year  
Village - Sonedimra  
Sanch - Gola  
Anchal - Ramgarh

Asha is daughter of Arogya Sevika Prabhawati Devi of Gola sanch. She suffered from severe Anaemia. Hb% was only 6%. She was extremely weak when brought to KCSK on 12.06.2014. Attendants supported her while walking. Dr. M.S. Bhatt was present in OPD. He immediately took her to RIMS where she was admitted in emergency after examination by the lady doctor. She was transfused 2 units of blood during her stay in the hospital for 7 days. She was released on 19.06.2014.

## 2. Jagjit Singh

Age – 58 Years

Resident – Bhalikudar, Ward No. -1, Chakradharpur, West Singhbhum, Jharkhand

He is Samanvay Pramukh of Ekal Abhiyan as well as President of VHP district unit.

He came to KCSK in the afternoon of 27.06.2014. He suffered from Benign Prostate Hypertrophy leading to retention of Urine. He was catheterized at Chakradharpur and referred to Ranchi. He is being treated at Dr. Sandip Agrawal's Ashirwad Nursing Home conservatively. The catheter has been removed.

He is staying at KCSK

## 3. Mrs. Amarjit Kaur

Age – 58 years

Wife of Sri jagjit Singh

She is suffering from multiple diseases. She is being treated at Dr. Sandip Agrawal's Nursing Home as she suffers from Gallbladder stone but as she suffers from Diabetese too as well as Arthritis Dr. Ajay Chabra is treating these ailments. She can be operated only after her blood sugar is controlled. After testing her blood sugar the doctor has given her the treatment for 20 days.

Thus the Kendra is gradually becoming centre of medical help for Ekal Abhiyan Karyakartas.
